Guidelines for Directed Study/Research

Student Information (Please read before submitting this form for approval)

1. Directed study and/or research are a privilege and only available to students who have completed 15 semester hours of NTS credit, are enrolled at least half-time and are pursuing a degree. Directed Study is not to be used to resolve work scheduling conflict.
2. Students will not be allowed to enroll for more than 9 hours of directed study in the MDiv degree program, and 6 hours for the other degree programs, without petition to the Educational Delivery and Policies Committee, subject to ATS guidelines.
3. No more than one course or three credit hours per semester may be done by directed study and/or research.
4. Offering non-required courses by directed study is discouraged.
5. **Qualifying Circumstances** (one of these must be present for your request to be considered):
 - a. Directed Research is available to superior students who wish to do research in a particular area of interest.
 - b. Directed Studies should generally not be taken before the senior year except in cases where the Registrar can see that there will be a conflict in the senior year or in cases where the course a recommended prior course to another. Directed Studies for required courses should be approved only when the Registrar recommends the Directed Study as the best possible means of meeting the graduation requirement given the student's schedule.

Faculty Information

Directed Study

Quantitative Guidelines:

1. Directed Studies should generally be constructed to expect 45 hours of work per credit hour.
2. Directed Studies should require, as much as possible the same course requirements as listed in the most recent syllabus on file for this course + 15 hours of work per credit to compensate for not attending class lectures. Where course requirements include group assignments, corresponding individual assignments should be given.
