

NTS SCHOLARSHIPS

Advancing the Kingdom by Investing in Students

NTS is a community, on campus and around the world, that studies together, prays together, worships together and ministers together. In this formative environment, students are theologically and spiritually prepared to fulfill the call that God has placed on their lives. From here, our students go out into the world to minister the gospel of Jesus Christ faithfully and effectively wherever God leads. An investment in seminary students is an investment in the future of the Church and the Kingdom of God.

- **The Affordable Tuition Fund (Annual Fund)** – Like a scholarship, this hard-working fund benefits students substantially, subsidizing over 70% of each student’s actual tuition cost. This fund applies to the bottom line of Seminary operations, providing tuition assistance, student jobs, teacher salaries, faculty development, multicultural programs, continuing education, library books, technological services, buildings, student housing, maintenance and much more. A healthy Affordable Tuition Fund means lower tuition for all, helping students prepare for ministry who otherwise could not afford seminary education.
- **The NTS Scholarship Fund** – This is one of the Seminary’s largest endowed scholarship funds, to which anyone can contribute. As the principal grows, the amount of student assistance also grows. Scholarships are awarded based on academic performance and financial need.
- **The President’s Leadership Grant** – This fund allows the Seminary president to award student grants with an eye toward attracting students with high leadership potential; students highly recommended by faculty from Nazarene universities.
- **Annual Scholarship** – This type of scholarship provides an immediate way to assist current students, because 100% of the funds received are awarded without the waiting period normally required to earn interest. Establishing this type of scholarship requires a minimum of \$5,000 be given annually for at least three years. Criteria for awarding the scholarship may be set by the scholarship originator.
- **Endowed Scholarship** – This is a very popular choice among Kingdom investors, because an endowed scholarship is a gift that keeps on giving. The principal is invested, while only a portion of the earnings is awarded as a scholarship (5% of the investment value).

Endowed scholarships are often established and funded by a person, family or group of persons such as a local church, discipleship class or district. The scholarship may be named to honor or memorialize a special person, and criteria for awarding the scholarship may be set by the scholarship originator(s). Starting an endowed scholarship is a way of passing on a mantle for Christian service; it is an excellent way to link a legacy with the future of the Church.
