

Associate Pastor to Youth

Oregon City Church of the Nazarene is seeking to hire a fulltime associate pastor to work with teens. Strong discipleship is a desired skillset for this ministry. Additional skills desired include community networking, tech-capable (we don't have any strong tech folks on staff currently), flexibility and willingness to collaborate. If you have gifts and desire to work in other areas of the church, that is certainly welcome as long as the youth ministry is flowing well.

Our church has gone through a lot of transition in the last two years including 1.5 years with no lead pastor. Our current pastor has been with us for six months and we are beginning to reach back out into our community in healthy ways.

Our facilities are excellent for youth ministry. We have a full-size gymnasium and a youth wing with four large classrooms and one big gathering room that can hold 200 students. Four months ago none of this was happening. We are looking for the right associate pastor to come in and help connect these community members who are not currently attending our church for worship.

Oregon City is a historic town. It is the end of the Oregon Trail and the first incorporated city in the Oregon Purchase. The church celebrated 90 years in ministry in 2020. We are located off of the main road in town and surrounded by homes and businesses. There is a community college a couple of miles from our church. We are about 20 minutes from downtown Portland Oregon, 1.5 hours from the Oregon Coast, and there are all kinds of mountains and hiking trails all around.

This is a fulltime job

You can find our church on Facebook to learn more about us. We also have a website [OCNaz](#) although it is not an accurate representation of our church currently... (working on that ☺.)
