## GENERAL INFORMATION

The timely and satisfactory payment of bills and the handling of personal finances is an important part of the total seminary experience and preparation for ministry. NTS policies are designed for accountability and fairness, both for the student and for the seminary, and to encourage good financial decision making and stewardship.

## MISCELLANEOUS FINANCIAL AID TERMS AND INFORMATION

Terms of agreement: All student account charges are due and payable by the first published date of the semester **even if your individual classes may start after the first published date of the semester.**

Published dates may be found on the NTS website, NTS catalog, course schedules, student mailings, etc. Credit/debit cards, as well checks and cash, are accepted methods of payment for tuition, fees, and books as applicable. If you are paying your bill by credit/debit card, you must use your student portal at [my.nts.edu](http://my.nts.edu). Sometimes, banks may impose a “daily limit” on a debit card and an error will be returned when paying your bill. You must call your bank and ask them to raise your daily limit so that you may pay your bill in full. NTS charges a 3% processing fee for Credit card or Debt card payments. No fee is charged for electronic check payments.

Student Need: Family size, income, assets, as well as the cost of attendance are all taken into consideration when determining a student’s need. While need is an important factor in the overall assessment process, other things such as merit, ministry experience, ministry potential, background and other aspects of the student’s qualifications play an important role when determining the granting of institutional aid. All NTS scholarship awards do not consider income as a deciding factor. Scholarship awards are based on academic merit and any criteria established by the donor within the policies of NTS.

## PERSONAL RESOURCES

The Financial Aid/Student Accounts Coordinator exists to assist students in understanding and arranging financing for their education. The financial literacy and resources through Praxis is also a great resource in assisting students to finance their seminary education. NTS encourages all students to take advantage of the financial literacy materials offered through Praxis at NTS. As independent graduate students, NTS expects students to wisely use the funds at their disposal. Several resources should be considered when determining if outside financial help is needed.

**EMPLOYMENT:** A major source of income may need to come from the student’s employment. The NTS website ([www.nts.edu/employment-in-kansas-city](http://www.nts.edu/employment-in-kansas-city)) is a good resource for job contacts for outside and in-house employment. If you’re planning to move to Kansas City to attend seminary, you will want to start looking for and applying to jobs during the moving process as NTS student bills are to be paid on, or before, the published semester start date.

**SAVINGS AND ASSETS:** With reference to Federal Direct Loans, depending on the student’s situation, a certain amount of savings and assets will be “protected.” Savings above this amount are considered available for use in meeting the cost of education. This is the Estimated Family Contribution (EFC) stated on the federal Student Aid Report (SAR). However, as of July 1, 2012 Federal Direct Loan borrowers are only eligible for unsubsidized loans and are no longer required to be verified. Further,

unsubsidized loans are considered by the Department of Education to be *non-need-based* aid. Therefore, EFC is not calculated in determining student need or eligibility for loans, but *EFA, Estimated Financial Assistance* (scholarships, grants, other sources of aid) is considered for determining loan eligibility. Even so, a small portion of savings and assets should be considered or set aside as available for funding your seminary education.

**DENOMINATION:** Some denominations provide students with a good resource for help in financing seminary education. Denominations are often willing to help students pursuing theological training if the need for funding is made known. Contact your local church or denomination and browse your denomination's website for links and contact information regarding additional funding for your education. Although NTS is a part of the Nazarene denomination, the Financial Aid/Student Accounts Coordinator normally does not pursue or direct students to denominational aid that may be available unless it is specifically made known to us. If the denomination makes a scholarship known to NTS, the financial aid office will advertise the availability of the award and the application procedures to the student body, encourage students to apply, and will be a mediator between offices, if need be, but the responsibility for applying for denominational aid falls on the student.

**OTHER AID:** Students are encouraged to contact local and regional agencies for possible scholarships and grants. Many public and academic libraries have resources for identifying these agencies. NTS also encourages students to do research on the Internet to seek out potential resources for financing your seminary education. Many scholarships and grants go unused every year simply because they are unapplied for. The NTS financial aid page has a small list of scholarship search sites to help get you started

## APPLICATION PROCEDURES

**NTS Payment Plan** –An institutional payment plan is available by contacting the Student Accounts Office at 816- 268-5424 or toll free at 1-800-831-3011 x5424 for more information, or email [studentaccounts@nts.edu](mailto:studentaccounts@nts.edu)

**Free Application for Federal Student Aid (FAFSA)** – William D. Ford Direct Loans (DL) – To apply, log on to [fafsa.ed.gov](http://fafsa.ed.gov). Nazarene Theological Seminary's Title IV School Code is G02494.

**New student's scholarship application is part of the application for admittance.**

**NTS General Scholarship/Grant Online Application for returning students can be found**

<http://www.nts.edu/scholarship-application>

## APPLYING FOR SCHOLARSHIPS

Scholarships and/or institutional aid are available to all accepted at least ½ time degree-seeking students of the seminary but must be applied for annually. Those students seeking only a certificate or diploma, or are only auditing classes, do not qualify. Applications, found at [www.nts.edu/scholarship-application](http://www.nts.edu/scholarship-application),

## SCHOLARSHIP APPLICATION DEADLINES

| Semester      | Date:   |
|---------------|---|
| <b>Fall</b>   | February 15 <sup>th</sup> of the<br>year entering       |
| <b>Spring</b> | November 1 <sup>st</sup> of the year<br>before entering |

Applications submitted after that date may still be considered for awards and are on contingent standard awarding criteria and availability of funds.

Note: Summer terms are a trailer to the academic year and scholarships are normally not awarded to those who begin their studies in a summer semester, except in certain circumstances.

## CRITERIA FOR SCHOLARSHIPS

Students must have a 3.0 GPA to be considered for scholarship awards at the time of academic evaluation and that will be the GPA used to determine award amounts for the upcoming academic year. Because scholarships are awarded for the upcoming academic year, which begins in Fall semester, academic evaluation normally takes place shortly after applications are received by the priority application dates. This is usually the Spring semester of the current academic year. Therefore, academic evaluation includes all grades up to the Fall semester (if applicable) of the current academic year. To be fair and consistent to all students in the awarding process, as well as to be faithful stewards in the annual budgeting of available scholarship funds, the GPA that is recorded on the student's transcript at the time of academic evaluation will be the determining GPA for scholarship awards. Only in rare instances will a scholarship award be adjusted for GPA changes outside of the academic evaluation period but may be considered on a case-by-case basis. You can appeal the scholarship award to include the spring semester, but the student must submit a written request.

Students must plan to enroll as at least a half-time (6 or more credit hours for master's level; 3 or more for Dmin) student. Exceptions may be made for students whose enrollment may not justify half-time status. For example, graduating seniors.

If a student has not yet reached eight (8) credit hours of NTS instruction at the time of scholarship awards will be based on information obtained from the Office of Enrollment Services that uses an objective rubric to determine scholarship awards.

NTS scholarship aid will only cover tuition costs and are not applied to any fees. Scholarship aid, unless from a third party and permissible, will not exceed total amount of tuition. Any refund that may be due a student because of dropped classes, withdraw, etc. will not include scholarship aid, unless from a third party and permissible, is not refunded to the student.

## MAINTAINING ELIGIBILITY

A student must establish a grade point average of at least 2.00 or higher in the first year and maintain this average throughout the course of study to remain eligible to receive federal student aid, and a student must maintain at least a 3.00 in order to continue receiving academic scholarship aid. At the close of each semester the Office of Enrollment Services reviews the quality of each student's work in order to note students whose semester or cumulative average is lower than 2.00. The financial aid office and the Dean of the Faculty are notified. In certain instances, federal aid Satisfactory Academic Progress Standards are stricter than NTS school standards. You should notify the Financial Aid/Student Accounts Coordinator if you are in any doubt about your eligibility or if there will be any change in your enrollment status and how that may affect any institutional or federal financial aid you are receiving.

See also Satisfactory Academic Progress Standards in this handbook and Academic Probation in the NTS Catalog and the Student Handbook.

## FINANCIAL AID SPONSORED BY NTS

### GENERAL INFORMATION

Annual scholarships are awarded based on enrollment status for a semester and the student is required to enroll at least a half-time each semester, with the possible exceptions as outlined in the *Checklist* section above.

Scholarships are adjusted according to the published and posted Refund Schedule during any given term (see School Refund Policy below).

Students seeking second degrees are awarded annual endowed scholarship funds on a case-by-case basis. Normally, scholarship aid is not offered for a second degree once one degree has been conferred.

Exceptions to any scholarship policy will be made on a case-by-case basis at the discretion of the scholarship committee in session, or the scholarship sub-committee out of session.

### AWARDING SCHOLARSHIPS

Scholarship awards for new and returning students who are enrolled in a degree program at least 6 hours is made as soon as possible. Students will receive a scholarship offer informing them of the Scholarship Committee's decision as to how much scholarship aid, they qualify for. Instructions on writing a thank you letter to the donor will come later. Thank you, letters are required for your scholarship to be applied to your student account. If a thank you letter is not received by the appropriate deadline stated in the thank you instructions, you will be disqualified from receiving your scholarship for that semester, and the funds will either be returned to the appropriate account or offered to another student.

Scholarship aid will be applied to a student's account The 2<sup>nd</sup> Tuesday of the semester in which the student has enrolled, provided a thank you letter has been received in the Financial Aid office. If scholarships have

already been applied to a student account in anticipation of receiving a thank you letter, but a thank you letter does not arrive by the deadline, the scholarship will be removed from the student account.

Scholarships are awarded for the entire academic year, which is Fall, Spring, and Summer semesters.

Summer

functions as a “trailer” to the Fall and Spring semesters.

Scholarship aid will begin in the Fall or Spring terms depending on when the scholarship application is received. Exceptions will be made on a case-by-case basis. Summer scholarships and other institutional aid, in most cases, will be awarded to students enrolled in not less than three (3) credit hours.

## Limits of Scholarships

Scholarship aid is limited to tuition charges and will not exceed total tuition charges. It does not apply to fees and other charges. Scholarship aid from NTS is not refundable to the student except in the rare instance where a donor may specify that scholarship aid can be refunded to the student.

Scholarships are awarded based on demonstrated need, ability, and ministry potential within the regulations and policies of NTS. The Scholarship Committee oversees scholarship awards to students. The NTS Financial Aid/Student Accounts Coordinator is responsible for the awarding of federal aid.

The Scholarship Committee will address any additional financial aid written requests when they are received, as time and finances permit. These requests will be addressed on a first come, first-served basis. NTS will not discriminate against any request based on race, national origin, religion, sex, marital status, age, or disability.

It is the responsibility of the student to contact the Financial Aid/Student Accounts Coordinator in writing with any request for additional aid. Please note that certain scholarships and funds have certain award criteria. If any additional aid may be awarded, or adjustments made, the student must meet any criteria that has been established for the scholarship. If the criteria is not met, or funds are unavailable, the request cannot be honored.

It is very important that students inform the Financial Aid/Student Accounts Coordinator of all potential resources before awards are made. If a student receives outside financial assistance after receiving his/her initial offer from NTS or fails to report a source of financial assistance ahead of time, he/she should contact the Financial Aid/Student Accounts Coordinator immediately. The initial award from NTS may be affected.

Any questions regarding the awarding of financial aid should be directed to the Student Financial Services Coordinator.

### APPEALS

If a student is displeased with his/her offer; or if a student would like to discuss any extenuating circumstances regarding his/her financial aid package, etc. (i.e. believes that all aspects of his/her financial conditions have not been considered), he/she should first discuss his/her concerns with the Financial Aid Coordinator or the Dean for Administration. If the student is still not satisfied, then he/she may appeal by stating justifiable reasons in writing to the Scholarship Committee in care of the

Financial Aid/Student Accounts Coordinator. This statement needs to be received by the Scholarship Committee within 30 days of receiving the award notice.

Normally, a decision can be expected within 30 days. All decisions made by the Scholarship Committee or sub-committee are final.

## SCHOLARSHIPS AND GRANTS

From the information you provide on the NTS General Scholarship/Grant Application, the Financial Aid/Student Accounts Coordinator, in conjunction with the Scholarship Committee, will match your request for aid with the guidelines established by scholarships donors. Some endowed scholarships are need-based. Others are based on academics and/or areas of interest. Your financial aid offer may include one or more endowed scholarships. At NTS, you are not applying for a particular scholarship or from a particular fund. You fill out a general application to be awarded a certain amount of scholarship aid to be applied to your tuition. It is at the discretion of NTS to determine which fund or type of scholarship you qualify for. Since scholarships are annual awards at NTS, the amount and name of the scholarship you receive in one year may not be the same in subsequent years.

## DENOMINATIONAL FINANCIAL AID

### WORLD MISSION DIVISION, CHURCH OF THE NAZARENE GLOBAL MINISTRY CENTER

#### Hiram F. Reynolds Endowment Fund Scholarships

The purpose of this fund is to provide scholarships for the development of faculty and administrators or the educational ministry of the Church of the Nazarene in world areas under the direction of Nazarene World Mission Division.

Potential recipients of this scholarship/loan assistance are missionaries, administrators and faculty who serve Nazarene educational interests in World Mission areas outside of the US and Canada. Preference is given to those currently serving in World Mission educational ministry.

Application forms may be obtained through the World Mission office in Kansas City and from the Regional Office in the applicant's geographical location. Applicants should contact the World Mission office or their regional directors for more information.

### INTERNATIONAL BOARD OF EDUCATION, CHURCH OF THE NAZARENE GLOBAL MINISTRY CENTER

#### Council of Education Scholarship

This scholarship is awarded on the basis of need to students currently enrolled at Nazarene Theological Seminary. The student must maintain satisfactory academic standing. Application is made through the Nazarene Theological Seminary Financial Aid Office. Deadline: February 15. Forms are to be returned to the Financial Aid Office.

#### Widmeyer, Yeatts International Student Scholarship

This scholarship is awarded based on need to students from mission fields. Application is made through the Nazarene Theological Seminary Financial Aid Office. Deadline: February 15. Forms are to be returned to the Financial Aid Office.

**General Superintendents Scholarship:** The Seminary administration is asked to select one or more students who qualify academically, has a call and desire to preach but does not have a regular preaching role, is willing to preach at least 10 times during the academic year, and has financial need, to receive this distinguished annual scholarship. Amounts vary each year but are normally at least \$500. There is no application process.

## OTHER OUTSIDE SOURCES

As stated earlier, students are encouraged to contact local and regional agencies for possible scholarships and grants. The public library is a good source. Searching the Internet for scholarship opportunities is encouraged.

Students can also contact the organizations listed below directly for information regarding their programs and deadlines.

### [Acton Institute for the Study of Religion and Liberty](#)

161 Ottawa Avenue NW, Suite 301 Grand Rapids, MI 49503  
(616) 454-3080

[www.acton.org](http://www.acton.org)

### [Free Methodist Loan/Grant & Free Methodist International Student Scholarship](#)

Free Methodist Headquarters P. O. Box 535002

Indianapolis, IN 46253-5002

(317) 244-3660

(800) 342-5531

Qualified candidates of the Free Methodist Church from international areas and conferences of mission origin pursuing an advanced graduate education may apply to the Free Methodist World Fellowship for this scholarship. The scholarship was established by the World Fellowship, and The Department of World Missions.

## Veteran's Education Benefits

The soldier or veteran should contact their Educational Services Officer or counselor before enrolling for classes at NTS

State of Missouri Department of Elementary & Secondary Education Division of Vocational Rehabilitation  
Available to Missouri residents who have physical and/or mental impairment(s) and need assistance in obtaining employment.

## Wesleyan Church Loan/Grant Education and the Ministry of the Wesleyan Church

P.O. Box 50434

Indianapolis, IN 46250-0434 [www.wesleyan.org/loangrant](http://www.wesleyan.org/loangrant)

Students who are members of the Wesleyan Church may request information available on the loan/grant assistance program at the above address.

Please note: The sources listed here are for informational purposes only. NTS does not endorse or promote any of the sources listed. While NTS makes every effort to ensure the accuracy of this information, it can, and may, change at any time. NTS does not assume responsibility for outdated or changed information but will try to keep the information as up to date as possible.

## APPLYING FOR FEDERAL DIRECT LOANS (DL)

Submit the Free Application for Federal Student Aid (FAFSA) after October of the year prior to the year you plan to attend. The FAFSA may be completed online at [fafsa.ed.gov](http://fafsa.ed.gov).

Information about student loans may be found at [www.studentloans.gov](http://www.studentloans.gov) and the specific details of obtaining and maintaining eligibility for loans offered at NTS can be found by contacting the NTS financial aid office as well as in this handbook. It is the student's responsibility to understand the rights, responsibilities, and obligations of borrowing a federal loan. If there are any questions, please contact the NTS financial aid office.

## WILLIAM D. FORD FEDERAL DIRECT LOAN (DL)

A William D. Ford Federal Direct Loan (DL) must be repaid with interest when you drop below 6 hours. To receive an educational loan, a student must sign a master promissory note, a legal agreement committing to repay the loan and complete entrance counseling. The Financial Aid Office strongly encourages students to keep their educational loan indebtedness to a minimum. Most ministries for which the Seminary equips students are not high paying and thus repayment may be quite burdensome.

All student requesting Federal Direct Loan will have their loan information reported to National Student Loan Data System (NSLDS) and will be accessible by guaranty agencies, lenders, and schools determined to be authorized users of the data system.

The terms and conditions of federal student loans are included in the Master Promissory Note. To complete the William D. Ford Federal Direct Loan (DL) Master Promissory Note and entrance counseling online at [www.studentloans.gov](http://www.studentloans.gov)

For more information and counsel, students may contact the Financial Aid Office and a staff member will be glad to discuss all aspects of applying, receiving, and repaying loans. Students are encouraged to do this before they begin the application process so that they have a better understanding of what is involved in securing the loan. Educational debt should not be assumed without serious thought and discernment.

Regulations established by the U.S. Department of Education; a graduate student may be eligible to borrow up to \$20,500 in unsubsidized funds per year or up to the cost of attendance, whichever is greater. You cannot borrow more than your cost of attendance. So, while you *potentially* may borrow the above amount, your individual eligibility may not allow you to borrow that full amount. However, while rarely needed, if at all, an independent graduate student may apply for and borrow a graduate PLUS loan up to the full cost of attendance. Please be aware that these types of loans usually carry a significantly higher interest rate than normal unsubsidized loans and the applicant must also pass a credit check. By initiating the credit check upon application for the PLUS loan, your credit score and history will be affected. On August 9, 2013 President Obama signed the Bipartisan Student Loan Certainty Act of 2013 (P.L. 113-28), changing how student loan interest rates are determined. The bill links interest rates on new federal education loans made on or after July 1, 2013 to the 10-year Treasury rate, plus a fixed margin. The interest rates on new loans are still fixed for the life of the loan; however, each year's new loans will have different fixed rates, based on current market rates. Thus, whether you are in-school, in-grace, or in-deferment, your interest rate will remain the same.

The unsubsidized Direct Loan is available to all graduate level students that are enrolled in at least 6 hours. The student is required to pay all interest throughout the life of the unsubsidized loan. The student may pay the interest while in school or may have the interest capitalized. Capitalizing the loan interest will mean that interest will accrue on the loan principal during the in-school period and through any approved deferments. This will result in a much greater loan debt at the time repayment starts. Borrowers must meet Satisfactory Academic Progress Standards each pay period (fall and spring semesters and/or summer "trailer") to continue receiving these loans. SAP also applies to any transfer credits that may be on your NTS transcript. To receive a federal loan, you will need to meet SAP eligibility including persons that have never borrowed before.

***\*Nazarene Theological Seminary strongly encourages students not to exceed a total government loan indebtedness of \$40,000 for those enrolled in the Master of Divinity program and \$35,000 for those enrolled in the Master of Arts programs. These totals include any outstanding undergraduate and graduate government loans.***

## Policy on William D. Ford Direct Loan Indebtedness

Considering the earning capacity of those entering ministry assignments, the Board of Trustees of Nazarene Theological Seminary strongly encourages students not to exceed a total aggregate government loan indebtedness of

\$40,000 for those enrolled in the Master of Divinity program and \$35,000 for those enrolled in the Master of Arts programs. These aggregate totals include outstanding undergraduate and graduate government loans including those for the current academic year that have the potential to put you over this indebtedness threshold depending on the amount you wish to borrow.

Students applying for William D. Ford Direct Loans through Nazarene Theological Seminary that would exceed a \$40,000/\$35,000 threshold should consider their earning potential so they can reasonably

anticipate having the resources upon graduation to repay higher indebtedness *and we also suggest that you meet* with the NTS Financial Literacy Advisor.

## Recommended steps to determine what your payment will be after your 6-month grace period:

1. Visit <http://www.finaid.org/calculators/loanpayments.html>. Using your current educational debt load, the interest rate of 6% (or that which most accurately reflects your own loan indebtedness), and the standard repayment of 10 years, select the calculate button. There are a few options you can use as well if you think you may need to extend your repayment but in doing so you will pay considerably more in interest. To get a more accurate picture of what your average interest rate may be, please visit, <https://www.nslsds.ed.gov/> and look at each of your loans in detail to find the current interest rate on them.
2. Research the average salaries for your desired profession. Use this figure to calculate your monthly income.  
  
Based on best estimates from the Church of the Nazarene, 58% of Nazarene pastors' annual compensation is \$25,000 or less, and 28% is less than \$50,000. (Note: Do the same for your spouse's projected or current profession if applicable.)
3. Research the other line items and place the appropriate estimated monthly expense for each.
4. Contact NTS's Financial Resources Advisor, Bill Kirkemo, by emailing [bkirkemo@nts.edu](mailto:bkirkemo@nts.edu) to set up a time to talk about financial literacy and taking on added debt.

NTS reserves the right to reduce or deny requested loan amounts on a case-by-case basis.

## LOANS AND FINANCIAL LITERACY

NTS employs a financial literacy advisor as part of its efforts to inform and educate student loan borrowers about the financial aid process and the positive and negative aspects of accumulating educational debt.

NTS is committed to making seminary education accessible and affordable while reducing overall student loan debt.

NTS encourages all Students borrowing loans utilize this valuable resource.

### STUDENT EXPENSES:

The Financial Aid/Student Accounts Coordinator uses student cost data from governmental and private sources with standardized cost-of-living information for Kansas City to calculate its costs of attendance. Updated tuition and fee figures are established by the Nazarene Theological Seminary Board of Trustees. Costs of books are based on estimates obtained through booklists provided by the Office of Enrollment Services. Living arrangements and expenses are the responsibility of the individual student. All this information is used to determine the total cost of attendance for each academic period. See costs of attendance under government loan program section in this handbook.

## STUDENT ELIGIBILITY

To be eligible for assistance through the William D. Ford Federal Direct Loan (DL), a student must be enrolled at least half-time (5 or more credit hours) in a qualified degree program,

The Federal Government requires a FAFSA to be filed for a student to be eligible. This form (Free Application for Federal Student Aid or FAFSA) is issued by the Department of Education. The quickest, and preferred, way to apply is online at [fafsa.ed.gov](https://fafsa.ed.gov).

Please note that Estimated Financial Assistance (EFA) should include all resources the student has available to him/her. Students should include on the FAFSA application any resources from churches, family, friends, outside scholarships other than from Nazarene Theological Seminary, etc. If a student receives outside financial assistance after receiving his/her initial award from the Seminary or has failed to report such financial assistance ahead of time, the student should contact the Financial Aid/Student Accounts Coordinator. The initial award from NTS may be affected as well as loan eligibility. In addition, any monies that are sent directly to the Seminary to be applied to the student's account is considered financial assistance by the Department of Education unless it was clearly included on the FAFSA as untaxable income with the assumption that it would be coming in this year. If this has not already been calculated into the above formula, it will need to be done before the next loan disbursement. This often requires an adjustment in the loan amount. Again, it is the student's responsibility to inform the Financial Aid/Student Accounts Coordinator of all resources at his/her disposal.

Eligibility for new students and returning students is figured on pre-registration hours and will need to be adjusted for any changes in enrollment status. Once eligibility is determined, the student will be given a Financial Aid Offer. If the student is a first-time borrower at NTS, the student will need to complete Entrance counseling and a Master Promissory Note (MPN) for loan he/she desires to receive. Both these items may be completed online at [www.studentloans.gov/](https://www.studentloans.gov/). Subsequent loans for future loan periods will be based on the original MPN. The MPN allows the student to receive multiple subsidized and unsubsidized William D. Ford Federal Direct Loans over a maximum ten-year period.

## COST OF ATTENDANCE (COA)

The Seminary is required to establish a Cost of Attendance (COA) each year. This is an *estimate* of the student's education expenses. Student cost data is gathered from governmental and other sources and is used to determine these costs.

Financial need and cost of attendance are normally figured on a 9-month academic year for students that are enrolled in 9 hours for fulltime and 6 hours for ½ time. The cost of attendance may vary depending on enrollment, living arrangements, etc. There are several components that comprise cost of attendance.

They are: 1) tuition and fees; 2) allowance for books and supplies; 3) transportation, if enrolled in on campus courses; 4) room and board; and 5) miscellaneous expenses. Items such as dependent care, special needs, etc. are not factored in the NTS COA.

If a student has a unique situation, he/she may request in writing to have these expenses be included in the COA. Such a determination will be on a case-by-case basis at the discretion of the Student Financial Aid/Student Accounts Coordinator who will either approve or deny these requests. It is the responsibility

of the student to provide evidence and justification for a COA change. Current Cost of Attendance Figures can be found on the financial aid page of the NTS website. If a student feels that they would like to have their COA adjusted based on varying factors, they should submit a written request to the Financial Aid/Student accounts Coordinator. Normally, adjusting COA figures for an independent, graduate student will make little, if any difference in the amount a student may borrow, other than borrowing up to the full cost of attendance with PLUS loans. More information about COA can be found at [NTS COA](#)

## LOAN DATES

A student who is interested in receiving a federal loan must complete a Master Promissory Note, along with the other required financial aid application forms. The Financial Aid Office must receive all forms no later than 21 calendar days (excluding holidays) **prior to** the start of the semester or the start of classes, whichever comes later, to allow sufficient time for the funds to be available. If all required documents are not received prior to the first published date of the semester, the student is personally responsible for payment of his or her education charges and any disbursement of federal loan funds will be delayed. It is important to get all forms in on time as the Financial Aid/Student Accounts Coordinator may need to ask for additional information, or additional steps may need to be taken, upon certification of your loan. If all requested items are returned before the start of classes disbursement will take place Tuesday after the first week of classes for the Financial Aid/Student Accounts Coordinator to determine if students have attended all classes enrolled in. A disbursement and right to cancel notice will be sent that will give the student 14 days to cancel all or a portion of their loans. This notice will also have the amount disbursed and how much refund (if any) a student can expect also when they can expect that refund to be mailed.

## VERIFICATION

NTS is not currently required to verify any of its students but may do so at our discretion. Any student that the Federal Government's Central Processing System (CPS) selects for verification, NTS may also verify.

Though verification is not required, NTS is still required to resolve any conflicting information that arises from the filling out a FAFSA (for instance, if income reported varies significantly from year to year, name changes, SSN changes, etc.).

## RECEIVING LOAN FUNDS

Federal Direct Loan disbursements will be made generally one week after the start of the class for the semester. This allows time to determine if a student has begun attending classes, as this is a requirement of receiving loan funds. The funds will be applied to the student's NTS account within three days of receiving the disbursement.

Loan's disbursements are delivered to the borrower in two installments as required by Department of Education regulations. If the loan period is for a full academic year, half of the loan proceeds will be delivered to the borrower at the beginning of each semester, provided all documentation and steps are completed on time. If not, loan proceeds will be disbursed later in the semester in accordance with the loan dates discussed above. If the loan period is only for one semester, NTS will evaluate loan eligibility based on a one semester cost of attendance. Normally, loan disbursements will be made in two equal installments during the semester, once at the start of the semester, and once at the midpoint or just past the midpoint of the semester. A student enrolled in a degree program that is one academic year or more

in length, but in a remaining period of study that is shorter than a full academic year, will be evaluated for eligibility based on the Cost of Attendance for one semester and may receive two disbursements during the final semester.

Student loan disbursements will be directly applied to the student's account to cover educational charges. Any balance left in the student's account after the educational charges are paid will be refunded to the student by check. Any credit balance on the student account will be mailed no later than fourteen calendar days after the EFT disbursement was received. A written notification will be sent via email to the student borrower letting them know of any credit balance available to them.

## LOAN DEFERMENT

Loan deferments are available for the purpose of postponing loan payments while attending NTS. These periods do not count toward the length of time you have to repay your loan. During this period, no payments are required however interest will still accrue on Unsubsidized loans. To qualify for a deferment of your unsubsidized loan, you must be enrolled in at least six credit hours per semester. Receiving a deferment is not automatic. You must apply for it. Applications for Federal loan deferments are available from your loan servicer. You may find information on your federal loans and your loan servicers on the NSLDS website at <https://www.nsls.ed.gov> For Federal Perkins loans, deferment forms may be obtained by contacting the school that made you the loan or the school's servicing agent.

## Veterans

NTS is approved by the Missouri State Approving Agency for Veterans and is also fully recognized by the Veterans Administration. If you served on Active Duty, you might be eligible for education benefits offered by the Department of Veterans Affairs. For example, the Post-9/11 GI Bill provides financial support for educational and housing expenses to individuals with at least 90 days of aggregate service after September 10, 2001, or individuals discharged with a service-connected disability after 30 days. You must have received an honorable discharge to be eligible for the Post-911 GI Bill.

If you are currently serving in the military, you may be eligible for funding offered through the Department of Defense Tuition Assistance program. Check your eligibility status and the amount for which you qualify with your Service prior to enrolling.

If you are the spouse or child of a service member who is serving on active-duty Title 10 orders in the paygrades of E1-ES, O1-O2, or W1-W2, you may be eligible for financial assistance from the Department of Defense for education, training, and/or the occupational license and credentials necessary for a portable career.

If you are the spouse or child of a service member, you may be eligible for transfer of the service member's Post-9/11 GI Bill benefits to you.

Students who have never received education benefits please contact your Educational Services Officer or Counselor before enrolling for classes at NTS. The service member will notify the certifying official of any changes to their class schedule and may be asked to sign a monthly verification of class attendance. The

monthly pay is based on the hours the student is enrolled. More information can be found at <https://www.va.gov/education/how-to-apply/>

Students seeking V.A. education benefits through the Veteran Readiness and Employment (VR&E) program do not follow the same process. Eligibility will be determined by VR&E,

<https://www.va.gov/careers-employment/vocational-rehabilitation>

## VA Education Benefit Refund Policy

In accordance with Change 3, DoDI 1322.25 (Appendix to Enclosure 3, 4. f. (2) (d)\

|                                |      |
|--------------------------------|------|
| <b>Before or during week 1</b> | 100% |
| <b>During week 2</b>           | 87%  |
| <b>During week 3</b>           | 80%  |
| <b>During week 4</b>           | 73%  |
| <b>During week 5</b>           | 67%  |
| <b>During week 6</b>           | 60%  |
| <b>During week 7</b>           | 53%  |
| <b>During week 8</b>           | 47%  |
| <b>During week 9</b>           | 40%  |
| <b>During week 10</b>          | 0%   |

(60% Course Completion) No return after week 9

## SCHOOL REFUND POLICY

All tuition and fees must be paid in full at the start of each semester in which you are enrolled. If classes are dropped, tuition is refunded on a pro-rata basis according to the current refund schedule. Fees and scholarships are not refunded. Please be aware that if you make any changes in the number of hours in which you are enrolled, your student loans, scholarships, grants, or faculty assistantship will be adjusted accordingly based on your drop date. Students receiving Federal Direct Loans should consult the Student Handbook or the Financial Aid Office for refund guidelines regarding those loans. Refund schedules slightly change each semester based on the dates of classes, but generally follow the formulas listed below. Please contact the Financial Aid Office regarding current term refund schedules.

### Courses for Fall and Spring:

|   |      |
|---|------|
| Drop prior to or during the first week of | 100% |
| Drop during the second week of class      | 75%  |
| Drop during the third week of class       | 50%  |
| Drop during the fourth week of class      | 25%  |
| Drop after the fourth week of class       | 0%   |

### Courses for Summer

|   |      |
|---|------|
| Drop prior to or during the first week of class | 100% |
| Drop during the second week of class            | 50%  |
| Drop after the second week                      | 0%   |

## COURSE WITHDRAWAL

Students who are withdrawing from a course(s) should obtain the proper form from the Registrar. Withdrawing from a course may result in an over-award situation if the student drops below half-time or it may result in a lower cost of attendance (COA). If a credit balance (refund) results on your student account as a result of course withdrawal, and this credit balance consists of federal loan funds, NTS may refund the student or return the amount of the credit balance consisting of federal loan funds to the Department of Education, thus lowering the student's overall borrowed loan amount, at NTS's discretion. Students may contact the Financial Aid/Student Accounts Coordinator for complete details in advance. The student's loan lender will be notified if his/her hours drop below half-time. If you are a loan borrower and drop below half-time status, your loan grace period will begin and you may be required to begin loan payments before the start of your next enrollment period. Loan exit counseling is required to be completed when a student drops below half-time status. NTS is required to report your enrollment status to the Department of Education. The date that you drop below half-time status is the date when your grace period will begin.

After your grace period ends, you will begin repaying your loans.

## SCHOOL WITHDRAWAL

The student is responsible for initiating the process of withdrawal from school. Students who are withdrawing from school should first contact the Office of the Registrar and complete the proper paperwork. Students who are borrowers in the Direct Loan Program who withdraw from NTS are subject

to a return of Title IV Funds. The treatment of Title IV aid, when a student withdraws is explained below (see Return of Title IV Funds). Loan Exit Counseling must be completed at this time.

## RETURN OF TITLE IV FUNDS

When a student withdraws from NTS and that student has received Title IV funds, a calculation must be performed to determine the amount of Title IV funds earned as of the date he or she withdraws from school. If the student received (or NTS received on the student's behalf) less assistance than the amount that the student earned, the student may be able to receive those additional funds. If the student received more assistance than the student earned, the excess funds must be returned by NTS and/or the student.

The effective date of withdrawal will be based on the date the student begins NTS' withdrawal process, or the date that the student otherwise provides the notification. If both circumstances occur, the earlier withdrawal date is used. Withdrawal date with no official notification is defined as the date determined by the school that is related to a circumstance beyond the student's control. The midpoint of the payment period or period of enrollment is used in all other instances where a student withdraws without providing official notification, including when a student fails all classes in a given semester with unearned "F" grades, unless an earlier date than the midpoint can be accurately determined by contacting the student's professors, etc. NTS's requirements and procedures for officially withdrawing from school are available in the NTS Student Handbook and the NTS Catalog. The Office of Enrollment Services and the Academic Dean's Office, respectively, can provide a copy of these documents to the student. The student may also find these documents on the NTS website ([www.nts.edu](http://www.nts.edu)).

The amount of assistance a student has earned is determined on a pro-rata basis. For example, if the student completed 30% of his/her payment period, the student earns 30% of the assistance the student was originally scheduled to receive for that period. NTS is prohibited from performing a "pre-calculation" and tell students and/or professors, or anyone else needing to be involved in the withdrawal process, of when a student may reach the 60% point in the semester in order to deliberately avoid having to return any funds to the government.

NTS will calculate the amount of unearned Title IV funds that must be returned by the school to the Department of Education, i.e. the lending institution of the loan. These refunds will be returned to the Department of Education within 45 days of the withdrawal date.

NTS will also calculate the amount of unearned Title IV funds due from the student. Any loan funds that the student must return are repaid in accordance with the terms of the Master Promissory Note.

The requirements for the Title IV program funds when you withdraw are separate from any refund policy that NTS may have. Therefore, the student may still owe funds to NTS to cover unpaid institutional charges after any unearned aid is no longer applied to the student's account. NTS's refund policy can be found in the NTS Catalog and/or the NTS Student Handbook. The Office of Enrollment Services or the Academic Dean's Office, respectively, can provide a copy to you. You may also find these documents on the NTS website ([www.nts.edu](http://www.nts.edu))

## PROFESSIONAL JUDGMENT

The Higher Education Amendments of 1992 give a Financial Aid Administrator the authority to make adjustments to a student's Cost of Attendance (COA) and Expected Family Contribution (EFC) on the basis of an individual student's special circumstances rather than circumstances that exist across a class of students. Adjustments can increase or decrease a student's EFC or COA. Professional judgement is mostly considered for Subsidized loans, since NTS can only award Unsubsidized loans the need for Professional Judgement will be infrequent.

Procedures: Students need to put in writing the reasons why they feel professional judgment is appropriate in their specific situation. The student must document this need with receipts, doctor's letter, etc., which pertain to the issue. These documents are to be submitted to the Financial Aid Coordinator. If the Financial Aid Coordinator deems it appropriate, the amount of the professional judgment will be sent for recalculation to the Department of Education. The student will be called or sent a letter indicating the result of this recalculation.

Appeals: Students can appeal the denial of professional judgment directly to the Financial Aid Office. This needs to be done within 30 days of the professional judgment decision. The Financial Aid Office will then have two weeks to respond to the appeal.

## GRADUATION OR WITHDRAWING FROM ALL COURSES

Per Federal regulations when a student, who is a current or past Federal Loan Borrower, graduates or has an official or unofficial withdrawal from NTS, Loan Exit Counseling must be completed at <https://studentloans.gov/myDirectLoan/counselingInstructions.action?counselingType=exit>

In the instance a Service member must withdraw due to military service obligation NTS will work with the affected Service member to identify solutions that will not result in a student debt for the returned portion. TA refunds will be sent directly to the Military Service.

## LOAN REPAYMENT OPTIONS

A standard ten-year repayment option allows students to keep costly interest payments low and retire their education loan debt in the shortest period of time. Some students, however, require more repayment flexibility. Under the existing William D. Ford Direct Loans (DL), students have access to a wide variety of repayment options, as well as special relief for unique circumstances. The following repayment options are available for students. More information can be found at <https://studentaid.ed.gov/sa/repay-loans/understand/plans>:

|  |
|--|
| Standard – Fixed monthly payment amount paid over 10 years or 120 months.  |
| Graduated – Varying monthly payment amounts (smaller payments early in the repayment schedule, and larger ones later when earnings will probably be greater)   |
| Income-Sensitive – The amount of a borrower’s installment payment is adjusted annually, based on the borrower’s expected total monthly gross income.   |
| Income-Based – Available to Stafford and graduate PLUS borrowers demonstrating “partial financial hardship.”   |
| Extended repayment – Available to borrowers who received their first federal loan on or after Oct. 7, 1998, and who accumulate more than \$30,000 in federal education loan debt. Under this plan, the student may have up to 25 years to repay his/her student loans. |

Online student loan repayment calculators (such as those at [www.finaid.org](http://www.finaid.org) and [www.studentloans.gov](http://www.studentloans.gov)) help graduates calculate monthly payments under standard conditions (equal monthly payments for 10 years).

Consult your lender or loan servicer for repayment options.

Loan consolidation can bundle multiple loans into a single monthly payment and extend the repayment period.

Recent graduates who have not yet found a job or who encounter economic difficulties can consult with their lender/loan servicer about whether they qualify for a deferment or forbearance to temporarily suspend or reduce their monthly loan payments.

## SATISFACTORY ACADEMIC PROGRESS STANDARDS

To be eligible for assistance from any program administered by Nazarene Theological Seminary, a student must meet the eligibility requirements of the program for which he/she is applying. For continued eligibility to receive funds from the Federal Loan program, a student must be making satisfactory progress toward the completion of his/her course of study.

### I. MEASURABLE SATISFACTORY ACADEMIC PROGRESS STANDARDS

#### A. Hours Completed

1. A **full-time** student receiving Federal Loans must complete at least 9 credit hours each semester of enrollment.
2. A **half-time** student receiving Federal Loans must complete at least 6 credit hours each semester of enrollment.
3. The following shall not be considered as credit hours completed:

F--Failing grade W—Withdrawal I—Incomplete Audit--No credit U—Unsatisfactory IP—In Progress

#### B. Grade Point Average

Every student receiving Federal Loans must maintain a 2.0 either in a given semester or as a cumulative grade point average. Please note: There is potential to have a greater than 2.0 GPA overall (cumulative), but poor semester performance which could lead to a loss of eligibility.

Missing Grades: If a missing grade is not updated when Satisfactory Academic Progress is evaluated for the payment period, the Registrar's Office will be notified. If the grade is not updated within 10 days of notification, the grade will be considered an "I—Incomplete" for evaluation. You may receive a warning or suspension resulting from this, and loan disbursements will be delayed, but you may request for re- evaluation later when a grade has been recorded.

### II. LIMITATION OF ELIGIBILITY OF FEDERAL ASSISTANCE

The maximum number of semesters (including summer trailers) for which a student may receive financial assistance is 18. At the same time the minimum hour completion requirement is as follows:

#### Master's degrees:

|                            |   |    |    |    |    |    |    |    |    |
|----------------------------|---|----|----|----|----|----|----|----|----|
| Calendar Year Completed    | 1 | 2  | 3  | 4  | 5  | 6  | 7  | 8  | 9  |
| Required Number of Credits | 9 | 18 | 27 | 36 | 45 | 54 | 63 | 70 | 76 |

#### Doctoral Degrees:

|                            |    |    |    |    |    |    |
|----------------------------|----|----|----|----|----|----|
| Calendar Year Completed    | 1  | 2  | 3  | 4  | 5  | 6  |
| Required Number of Credits | 10 | 20 | 26 | 32 | 36 | 36 |

### III. FINANCIAL ASSISTANCE WARNING

If a student fails to complete the required number of hours (I-A) or the required GPA (I-B) he/she may continue to receive financial assistance but will be issued a warning. As a result, he/she must achieve a semester GPA of at least 2.0 and earn the minimum credits for his/her enrollment level (5 credit hours for part-time and 9 credit hours for full-time).

### IV. LOSS OF FINANCIAL ASSISTANCE

If a student is issued a warning and fails to meet the terms of the warning (i.e., completing the appropriate number of hours and/or appropriate GPA) he/she will be considered making unsatisfactory progress and will be suspended from the Federal Loan program. This means immediate termination of all Federal Loans received from the federal aid program until the student completes 9 credit hours with at least a 2.0 GPA, at which point the student will be reinstated into the Federal Loan program. The student must request reinstatement in writing.

### APPEALS

- A. Students who are denied financial assistance will have the right to appeal in writing to the Financial Aid Coordinator to be reinstated. The appeal should include an explanation of the failure to maintain SAPS as well as a plan by which SAPS can be reasonably accomplished in the future. Detailed information on what constitutes a successful appeal can be requested from the financial aid office. All appeals must be received within 30 days of suspension notification.
- B. The Director of Financial Aid will then review the appeal and with advice from the Administrative Group determine whether the suspension should continue. The student will be advised in writing of the decision.
- C. If approved, the student will be reinstated into the Federal Loan program and placed on probation status.

### PROBATION

If a student has been placed on probation and fails to meet the terms of the probation (completing the appropriate number of hours and/or appropriate GPA) he/she will be considered making unsatisfactory progress and will be placed on Financial Assistance Suspension. This means immediate termination of all financial assistance received from the federal aid program.

### REINSTATEMENT

To be reinstated a student must, on his/her own resources, complete 9 credit hours with at least a 2.0 GPA in the semester the credit hours are taken, and have a cumulative GPA of at least a 2.0, at which point the student will be reinstated into the Federal Loan program.

### NTS STUDENT RIGHTS AND RESPONSIBILITIES OF A LOAN AND/OR SCHOLARSHIP

While receiving financial aid from NTS, you have the right to:

- Information regarding the procedures to apply for aid, types of aid, how financial need is determined, and criteria for awarding aid.
- Know that awards are determined each year based on eligibility and available funding, are awarded programmatically using the same criteria, thus assuring fair and consistent awarding practices.
- Know that aid is applied uniformly and equitably to all financial aid applicants by means of a systematic process, and that awards are offered in compliance with federal guidelines.
- Understand that financial aid is based on need calculated from the information that is provided on the Free Application for Federal Student Aid (FAFSA) and an estimated Cost of Attendance (COA) that includes full- time enrollment and housing status.
- Appeal decisions made by the Office of Student Financial Assistance.
- Know that all students' records are confidential and will not be released without your written consent other than what may be allowed by law under FERPA regulations.
- While receiving financial aid from NTS, you have the responsibility to:
  - Notify the Office of Student Financial Assistance of any awards (scholarships, waivers, etc.) not already listed on the student's billing statement (which can be viewed through the student portal), as well as any changes to enrollment status as changes could impact financial aid awards. Note: Total awards from all sources cannot exceed financial need and/or the Cost of Attendance. We reserve the right to adjust awards due to over-award or over budget in accordance to federal regulation;
  - Know that only courses toward your degree requirements count for financial aid purposes.
  - Review and understand all information and instructions, meet deadlines and/or application dates, and provide requested information and/or documentation accurately and on time. Errors and omissions can cause delays and may prevent you from receiving assistance.
  - Understand that not attending and/or not completing classes may impact financial aid.
  - Monitor the student portal for individual requirements and/or contact the Financial Aid Office; track announcements through the NTS website, the NTS announcer, Moodle, and/or social media and check it regularly.
  - Maintain Satisfactory Academic Progress (SAP) and meet all other criteria for federal, state, institutional and/or private funding received.
  - Officially drop classes by the Drop/Add deadline to avoid an obligation to pay tuition charges owed to NTS.
  - Understand that misrepresentation or allowing someone to use your username/password to complete and submit paperwork and forms on your behalf is a violation of the law
