

The Hanford Church of the Nazarene is a vibrant community of believers who are seeking a full time lead pastor to partner with them in fulfilling God's mission to reach the lost and make Christ like disciples in their community and beyond. They serve the greater Hanford area including the communities of Hanford, Laton, Riverdale, Selma, Armona, and Lemoore. Though the church is currently meeting in the community of Laton, they have property in Hanford for future development. Both the church in Laton and property in Hanford are paid for and there is money for future work in the building fund. Following God's direction, the church has a focus on meeting the physical and spiritual needs of the community. The church has a Spanish pastor to help meet the needs of our Hispanic community. In addition, the church has a food distribution program that provides food for the community twice a week and a larger distribution for multiple communities once a month. The church also partners with the local school district by providing a Good News Club at the elementary school, an ESL class and events, free of charge, each quarter for families and children. The church has also partnered with the local hospital and medical community to provide free community healthcare once per week and household furnishings for families in need.
